DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

- Group 1, claim(s) 1-10 and 29-33 drawn to a seating unit comprising a pair of seats in combination with an in-flight entertainment unit.
- Group 2, claim(s) 11-15, drawn to a seat for an aircraft cabin.
- Group 3, claim(s) 16-22, drawn to a secondary unit in combination with a reclinable seat.
- Group 4, claim(s) 23-28, drawn to a seating unit comprising a seat, footrest and footrest actuator mounted on a track.

2. The inventions listed as Groups 1, 2, 3 and 4 do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

- Group 1 discloses “a seating unit (1) for a vehicle comprising a pair of seats (2a, 2b) facing in opposite directions.” Groups 2, 3, and 4 do not disclose a seating unit comprising a pair of seats as a technical feature.

Art Unit: 3636

- Group 2 discloses “a seat ... comprising a back pan and a seat pan operable together to a plurality of different positions including a take-off position.” Groups 1, 3, and 4 do not disclose a seat having a take-off position as a technical feature.
- Group 3 discloses a secondary unit “comprising a pad mounted on an elongate support.” Groups 1, 2, and 4 do not disclose a secondary unit, a pad or an elongate support as technical features.
- Group 4 discloses a seating unit with a footrest, a footrest actuator and tracks mountable to a cabin floor. Groups 1, 2 and 3 do not disclose a footrest, a footrest actuator or tracks as technical features.

5. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

6. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
